Judgement Day

Traitors and cultists run rife in Norsca. Vorsgaard has fallen to enemies from within as the war host battles overseas. Now is the time for a reckoning, the War host will return home to the temple of Forsetti near Vorsgaard to see that justice is done. Traitors will run and loyal Wolves will see that no one, Lord or Thrall escapes Forsetti's judgement. Who will answer the gods call and show their axe serves Lord Wolf and his people.
